Richard I. Manning Was Among the Visitors to Belton and Was Well Pleased.

Richard I. Manning, governor-elect of South Carolina, arrived in Belton yesterday by the time that the fair got well under way and was an in-terested spectator at all of the events staged by the Fair association. Mr. Manning came to Belton from his home in Sumter to attend the event and he said that he was well pleased over having made the trip after he saw what Belton people could do toward arranging a one day fair.

The distinguished visitor said that

he was well pleased with the many evidences of prosperity and he does not see why people of this section should complain of hard times.

Mr. Manning complimented the of-

ficials of the Belton fair and assured them before he left that he had enjoyed every minute of his stay in their charming city.

At the Palmetto

Harry Rogers and his aggregation of tabloid artists made quite a hit esterday at the Palmetto in "The Two Millionaires."

This little musical comedy was very clever indeed; Rogers and the

other comedian were certainly "there" with the mirth.

Several specialties by Harry Rogers and other members of the com-

pany added considerably to the pleasure of the performance.

Taken all in all, it was a very clever little show for the admission; and adding the pictures to this show, even a grouch would have been satisfied with his purchase.
